

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listing of claims in the application.

Listing of Claims

1. **(Canceled)**

2. **(Currently Amended)** A device for the simultaneous delivery of multiple medication products to a live body, with such device comprising:

a first dosage of a first prescription pharmaceutical product or non-prescription nutritional supplement product contained within a first delivery means selected from the group consisting of a pill, a capsule or and a gel cap;

a second dosage of a second prescription pharmaceutical product or non-prescription nutritional supplement product contained within a second delivery means selected from the group consisting of a pill, a capsule or and a gel cap; and wherein

the first delivery means is pill, capsule or gel cap affixed by affixing means to the second delivery means pill, capsule or gel cap and wherein;

the first and second delivery means are not both a pill, capsule or gel cap.

3-7. **(Canceled)**

8. **(Currently Amended)** The device of claim 2, further comprising ~~A device for the simultaneous delivery of multiple medication products to a live body, with such device comprising:~~

~~a first dosage of a first prescription pharmaceutical product or non-prescription nutritional supplement product contained within a first pill, capsule or gel cap;~~

~~a second dosage of a second prescription pharmaceutical product or non-prescription nutritional supplement product contained within a second pill, capsule or gel cap;~~

a third dosage of a third prescription pharmaceutical product or non-prescription nutritional supplement product contained within a third delivery means selected from the group consisting of a pill, a capsule or and a gel cap, wherein

the third delivery means is the said first pill, capsule or gel cap affixed by affixing means to the said second delivery means pill, capsule or gel cap and the said second pill, capsule or gel cap affixed to the said third pill, capsule or gel cap, but with the said first pill, capsule or gel cap and is not directly affixed to the said third pill, capsule or gel cap first delivery means.

9-13. **(Canceled)**

14. **(Original)** The device of Claim 2 in which the said affixing means is transparent.

15-25. **(Canceled)**

26. **(Original)** The device of Claim 2 in which the said affixing means is translucent.

27-31. **(Canceled)**

32. **(Original)** The device of Claim 8 in which the said affixing means is translucent

33-54. **(Canceled)**

55. **(New)** A device for the simultaneous delivery of multiple medication products to a live body, with such device comprising:

a first dosage of a first prescription pharmaceutical product or non-prescription nutritional supplement product contained within a delivery means selected from the group consisting of a pill, a capsule, and a gel cap;

a second dosage of a second prescription pharmaceutical product or non-prescription nutritional supplement product contained within a delivery means selected from the group consisting of a pill, a capsule, and a gel cap; wherein

the first pill, capsule or gel cap is affixed by affixing means to the second pill, capsule or gel cap; and wherein

the affixing means comprises screw-type threads or a snap interlocking means.

56. **(New)** The device of Claim 55, in which the snap interlocking means consist of plastically deformable nodules which allow the first and second containment means to be separated from each other only upon the exertion of substantial force applied to the first and second containment means simultaneously and in directions opposite to each other.
57. **(New)** The device of Claim 55, wherein the first pill, capsule or gel cap affixed by affixing means to the second pill, capsule or gel cap constitute one capsule or gel cap.
58. **(New)** The device of Claim 55, wherein the first pill, capsule or gel cap affixed by affixing means to the second pill, capsule or gel cap constitute one elongated capsule or gel cap.
59. **(New)** The device of Claim 55 in which the said affixing means is transparent.
60. **(New)** The device of Claim 55 in which the said affixing means is translucent.
61. **(New)** The device of Claim 57 in which the said one capsule or gel cap is transparent.
62. **(New)** The device of Claim 57 in which the said one capsule or gel cap is translucent.
63. **(New)** The device of Claim 58 in which the said one elongated capsule or gel cap is transparent.
64. **(New)** The device of Claim 58 in which the said one elongated capsule or gel cap is translucent.
65. **(New)** The device of claim 55, further comprising a third dosage of a third prescription pharmaceutical product or non-prescription nutritional supplement product contained within a third delivery means selected from the group consisting of a pill, a capsule and a gel cap, wherein the third delivery means is affixed by affixing means to the second delivery means and is not directly affixed to the first delivery means, wherein the affixing means comprises screw-type threads or a snap interlocking means.
